**HOSPITAL COMMITTEE MINUTES**

September 19, 2007

9:30am – 11:30am

Introductions of attendees:

George Salsman –Hospital Committee Co-Chair  
Vanessa Poston –Hospital Committee Co-Chair  
Helen Sandkuhl –SLUH  
Debbie Beezley –SAMC  
Diane Blumenfeld –St. Mary’s  
Karen Munt –BJC  
J.Day –AMH  
Karen Groppe –Des Peres  
Nick Gagnani –STARRS  
Julie Sackman –STARRS  
Scott Carruth –CGCMC  
Debbie Mays –BJC  
John Mueller –SJHC  
Larry Vertrees –SSM Rehab  
Leslie Porth –MHA  
Beth Skaggs –MARH  
Joe Leiteritz –Shriner’s

Bridgette Collins –St. Louis County PH  
Chris Zirges –BJC  
Angela Elgin –MRC  
Elaine Allrich –DePaul  
Jennifer Anderson –SLCH  
Richelle Williams –KP Medical  
Mark Canada –St. Alexius  
Kelly Fluharty –St. Louis County PH  
Tracy Horton –St. Luke’s  
Jeanette Meyer –FPH  
Janelle Mahon –St. Alexius  
Dennis Keithly –St. John’s Mercy  
Tim Pigg –Jefferson Memorial Hospital  
Cathy Trescott –SSM Home Care  
Joe Papes –DePaul  
Wayne Laramie –St. Joesph West  
Amy Meglitsch –St. Louis County PH

Announcement of Martha Kopper’s departure and appreciation for her work and time with the hospitals and the Committee. George gave acknowledgement to her hard work and commitment to the hospitals in the region. He explained he was saddened to hear grant funding was not renewed and that her efforts did not go without appreciation. Martha was not in attendance at the meeting; however, if hospitals wanted to express their appreciation they can do so by contact her before her last day of September 28, 2007.

I.) Update of Emergency Care Partnership  
Grant Application

Julie Sackman

The application was submitted on September 5, 2007 to the Department of Health & Human Services (HHS). This Emergency Care Partnership Grant was a competitive piece of the formerly known HRSA grant or known as the ASPR or Hospital Preparedness Program (HPP).

The Mid America Regional Council (MARC) in Kansas City –STARRS counterpart, asked if we would partner with them on their grant proposal. The proposal was for a Trauma and Burn Care project. The project would focus on enhancing the trauma and burn care capabilities through planning; education and placement of resources needed to provide trauma and burn care during a mass casualty incident in the two urban areas (Kansas City and St. Louis). This project will continue to strengthen the collaboration between MO, KS and IL through this partnership.

Big thanks to the burn centers and EMS in our region that collaborated on providing information for this application as well as a buy-in from all partners in the process. The award date has not been released. At the next meeting a follow up on to the application progress or announcement of the award

II.) HRSA FY06 Equipment Follow Up

Julie Sackman

Decontamination Radios have been distributed to all hospitals in Region C by St. Louis Electronics. To date if your hospital did not receive your shipment of three (3) radios, batteries and charger please contact Julie Sackman ASAP at [julie.sackman@ewgateway.org](mailto:julie.sackman@ewgateway.org).

Cot Packages: Round 1 of Cot Packages were delivered to the hospital accepting them around September 10, 2007 by Global Protection. The hospitals receiving cot packages from Round 1 see attachment R1. To date if you're your hospital did not receive your shipment of one (1) cot package notify Julie Sackman ASAP at [julie.sackman@ewgateway.org](mailto:julie.sackman@ewgateway.org).

Round 2 of Cot Packages expected delivery date of October 1, 2007 by Arc Products LLC. The hospitals accepting them and the quantities see attachment R2. Follow up on the delivery will happen early/mid October and at the next Hospital Committee Meeting and/or at your inventory visit.

III.) Inventory Visit to each Hospital Facility  
& STARRS Inventory Control Forms

Julie Sackman

Inventory visits to each hospital facility will begin sometime in October and completion by February 2008. Julie Sackman will be contact each facility to set up a day and time for this walk through and check of inventory. Each hospital contact will receive an e-mail from Julie in the next few weeks outlining the items that will be inventoried for each hospital and what grant periods they pertain to. Each grant period will have separate inventory control forms. An electronic version of the inventory control form is attached.

IV.) August 23 Surge Capacity TTX AAR

Julie Sackman

There was positive feedback on the tabletop exercise and areas for our region to improve upon. The participants will be distributed After Action Report on CD and should sign off for them –see Julie after the meeting.

Moving forward as a region that next step take this surge capacity issue and alternate care to a functional exercise in 2008 and possibly 2009 a full scale. Further discussions as Julie will be meeting with the State in a couple weeks to discuss the State's exercise of the full scale SNS in our region.

Julie will be requesting that each hospital provide a contact and how is trained in MOHSAIC by each hospital –this will happen in the next couple months and to be prepared to answer this information.

Discussions on training are needed on both MOHSAIC and Nexgensis in our region. Chris Z. of BJC can provide information to hospitals on her training with Nexgensis for her hospital. Julie will find out from the State their plans on MOHSAIC training for St. Louis region and will let the hospitals know those dates.

V.) UASI Funding Update

Nick Gragnani

Hospital Committee endorses that satellite phones for FQHC's is important for the region.

Satellite phones have not been distributed yet and Nick hopes to have an update from the vendor very soon on when they will be available and training for them.

Discussions on the cost of the maintenance of the sat. phones of a WAG of \$1500-2000/yr.

MCI trailer specifications are in development and once there is information to be distributed it will be to those appropriate parties for review.

The AdHoc Committee met and decided what projects to fund with the UASI FY07 grant funding. Unfortunately, Live Process was not funded. The Medical Cache for the hospitals was funded and provided bonus points for the entire grant application. Hospitals addressed this issue. Debbie and George will express the hospitals point of view at the STARRS Advisory Committee Meeting on September 20, 2007.

VI.) Update on ACS Planning Group

Julie Sackman

The Alternate Care Site Planning group met on July 19<sup>th</sup> following the STARRS Hospital Committee Meeting. The attendees from hospitals were from the people who showed interest from the previous meeting. Other participants in this work group include DMAT, EOCs, Public Health and requested participation from FQHCs. The purpose of the establishment of this work group is to look at the Alternate Care Sites in our region, planning for a regional Alternate Care

Site, discuss how to move forward as a region, collaborating and incorporating other agencies and entities into the planning of our region. The first meeting was an orientation and open discussion. During the meeting it was identified more information needs to be provided to the group about moving forward.

Debbie addressed she was not aware of this working group. Julie replied that a sign up list was provided for hospitals. Volunteers for this work group were contacted regarding the meeting; there were many participants from BJC. Julie explained she would follow up with Debbie on this issue and include her as part of this working group moving forward.

VII.) MHA EMSsystem Orientation Training Webinar Julie Sackman

Discussions of previous training offered on Sept. 12 and 14<sup>th</sup>. Leslie P. of MHA described the previous training hiccups due to computer issues on MHA's end. MHA can provide more training opportunities via webinar and expanded training. Leslie provided an update to the progress of EMSsystem and where they are heading with the program. Leslie will provide another update at the next meeting in November.

VIII.) Specialty Hospital Subcommittees Brett Moorehouse

Brett approached the Hospital Committee on the interest of the Children Hospitals to collaborate and meet. Interest was shown and contact information exchanged.

IX.) 2008 Hospital Meetings George Salsman

George addressed how the hospital will not be moving until December of 2008 and the STARRS Hospital Committee meetings will remain at SSM St. Joseph Kirkwood this next year. St. Anthony's Hospital and STARRS have volunteered to provide alternate locations if needed.

X.) MHA Capacity Assessment George Salsman

Hospitals should have been distributed these assessments and please fill them out. Reminder the deadline is this Friday, September 21<sup>st</sup>.

Leslie P. explained that this is the last year the hospitals will have report this twice a year. In the next grant period it is only required once so to expect it only around March in 2008.

XI.) Choose a Date/Scenario for Fall MHA Exercise George Salsman

Two (2) scenarios for the fall exercise were proposed -1) Terrorist takes over an airplane that crashes onto the Popular Street Bridge –causing casualties and death 2) Domestic terrorist attack at the KMOV-TV building in downtown St. Louis –like the OK City bomb attack. The Hospital Committee members choose scenario 2 and date for this exercise is to be November 13<sup>th</sup> at 8:00 pm.

XII.) Choose Preferred Dates for MHA EMSsystem Orientation Training via Webinar George Salsman

MHA will be providing further dates of training.

XIII.) Medical Reserve Core (MRC) Angela Elgin

Angela provided an overview of the purpose of a regional Medical Reserve Core and its functions. Main point –will not be taking resources/personnel from the hospitals. They are seeking outside hospital resources and staff to be available as a community asset in a disaster. The MRC will have medical trained individuals who may be able to assist in many areas of the community or locations through the region.

Angela was asking for more hospital involvement as stakeholders in their planning as they move forward. The next MRC Strategic Planning Committee meeting will be Thursday, October 25<sup>th</sup>, 2007 from 9 am to 3 pm with a lunch provided. If you would like to attend please notify Angle Elgin at [AEIign@aol.com](mailto:AEIign@aol.com).

Discussion on the National Oxygen Kit (NOK) that is available through Air Gas and what it can provide the regional hospitals. The Power Point Presentation brochures were distributed at the meeting and the representative will be sending STARRS an electronic copy. If you would like further information on this contact Julie at [julie.sackman@ewgateway.org](mailto:julie.sackman@ewgateway.org) or (314) 244-9605.

## **NEW BUSINESS**

### Upcoming Training Opportunities/Announcements

- **STARRS Training Committee Meeting**

Monday, October 1, 2007 at 1:30 pm

Location of Meeting: Crestwood Government Center, 1 Detjen Drive, Crestwood, MO.

The training committee is interested in hospital representatives to attend and be part of the committee. Interested individuals should have an educational/training background.

If you would like to attend contact: Eric Hammonds at [eric.hammonds@ewgateway.org](mailto:eric.hammonds@ewgateway.org)

- **MedComm Training**

These training sessions will be four hours in duration. They will cover the basics of EMResource, EMTrak, HEAR Radio, V-EOC and other communication methods used by throughout the region. Also included will be an introductory look at resources used by MedComm, the position of MedComm in regional ICS structures and common task performed by MedComm staffers during operational periods.

The training will be offered at MedComm located at MoDOT Traffic Information Center at 14301 South Outer 40 Drive, Town and Country, MO 63017.

Training will be conducted at 9 am on the following dates:

September 25<sup>th</sup>

October 2<sup>nd</sup>

October 10<sup>th</sup>

If you are interested in attending one of the above training sessions, please contact Terry Sofian at [terry.sofian@ewgateway.org](mailto:terry.sofian@ewgateway.org) or (314) 244-9606.

Slide 15

RCFFF: WHAT WE HAVE DONE!

The FTMBC Medical and Health Education Unit has established the Robert Fulton Citizen Corp Council and Robert Fulton Medical Reserve Corp Faith Based emergency response groups focused on helping the church congregations and their communities to be better prepared for an all-hazard events.

 Community Emergency Response Team (CERT)

 Medical Reserve Corps

---

---

---

---

---

---

---

---

Slide 16

**RFCCC: What have we done?**

The Council has done the following:

- Registered as a Citizen Corp Council and Medical Reserve Corp.
- Created a Planning Group focused on community prevention, preparedness, and response activities.
- Created a Training Plan to help the community to mobilize if needed in a all hazards.

---

---

---

---

---

---

---

---

Slide 17

**RFCCC: What have we done?**

- Secured a Disaster Preparedness Program to coordinate between the St. Louis Central Citizen Corp Council and those affiliates that would benefit from this program within the UASI region.
- Identified ways in which the community volunteer resources can help be an extension of the Professional Emergency Responders and Medical Personnel.
- Developed partnerships with the American Red Cross, Disaster Service, and the United Way.

---

---

---

---

---

---

---

---

Slide 18

**Where do we go from here?**

- Establish the Robert Fulton Medical Reserve Corp Steering Committee
- Strategic Session for Community Need Assessment
- Continuous Evaluation of the MRC Program within the Region.

---

---

---

---

---

---

---

---

Slide 19

**Later Today**

1. Learn from other Medical Reserve Corp Units
2. Discuss:
  - What should be the primary goals/activities of the Robert Fulton Medical Reserve Corp (MRC)?
  - What will be the key challenges to operating a successful MRC?
  - What strengths/opportunities exist that will help the MRC to succeed?

---

---

---

---

---

---

---

---

Slide 20

**Strategic Session**

- Confirm Mission
- Create MRC Steering Committee Organizational Structure
- Identify goals
- Develop action plan to meet those goals

---

---

---

---

---

---

---

---

Slide 21

**Strategic Session: When & Where**

- **When:** October 25, 2007 *promptly* begin at 9am to 3pm.
- **Where:** St. Louis County Fire/Police Academy 1266 Sutter Wellston, MO
- **Facilitator:** Karen Tapy "Take Action Meetings"
